### Annual Education Results Report

## MESSAGE FROM THE BOARD CHAIR

I am pleased to present the 2024-2025 Annual Education Results Report on behalf of the Holy Family Catholic Separate School Division Board of Trustees.

Our team of dedicated trustees, administrators, educators, and support staff strive to produce excellence in Catholic Education, as evidenced in this report. Guided by the Light of Christ to serve our students, our schools continue to grow and shine outstandingly while providing all students equitable access to learning and technology. We strive to close the gap so the most vulnerable students can achieve their full potential. We continue to deepen our focus on learning strategies, universal design, and differentiated instruction to meet the learning needs of all students and increase critical thinking skills while remaining rooted in Gospel values. The Holy Family Catholic Separate School Division remains firmly and proudly committed to offering a range of programs for our diverse student demographic while offering the highest quality of Catholic Education.

The Board of Trustees wishes to thank all our staff and partners who collaborated on preparing this report and its positive results. As partners in serving our world through education, we fervently hope that the education provided will continue to create and celebrate inclusive and accepting environments in our School and Board communities where all students and staff feel safe, valued, and heard.

Kelly Whalen,  
Board Chair

## Accountability Statement for the Annual Education Results Report

The Annual Education Results Report for Holy Family Catholic Regional Division for the 2024/2025 school year was prepared under the direction of the Board/Board of Directors following the responsibilities under the Education Act and the Fiscal Planning and Transparency Act. To the best of its abilities, the Board is committed to using the results in this report to improve student outcomes and ensure that all students in the school authority can acquire the knowledge, skills, and attitudes they need to be successful and contributing members of society. The Board approved this Annual Education Results Report for 2024/2025 on December 17<sup>th</sup>, 2025.

## Stakeholder Engagement

- The Director of Educational Services met with each school-based admin team and reviewed their school's assessment data, PAT results and Diploma results during their Collaborative Response Meetings.
- School-based admin teams then met with their teachers to review their data.
- School-based admin teams will review their AERR data with their School Councils to inform and collect feedback to share with senior administration. PAT and Diploma results were released late and therefore stakeholder engagement could not happen before January 2026.
- Senior administration reviewed the division data and AERR with school-based admin teams.

## Whistleblower Protection

Following Section 32 of the Public Interest Disclosure Act (2012), Holy Family Catholic Regional Division had no incidents of public disclosure during the 2024-2025 school year.

Catholic Regional Division

## **Division Profile**

The Holy Family Catholic Regional Division was formed on September 1, 1997, by the regionalization of the former Holy Family Catholic Separate Regional Division No. 17 and North Peace R.C.S.S.D. No. 43.

The Division provides Catholic education in the northern communities of Fort Vermilion, Manning, Grimshaw, Peace River, McLennan, High Prairie, Fairview, and Valleyview. An agreement with Fort Vermilion School Division No. 52 stipulates that it operates St. Mary's Elementary School, which receives Catholic education through Holy Family Catholic Regional Division.

With approximately 1,900 students enrolled across nine schools, Holy Family Catholic School Division offers a variety of programming in the following schools:

- ❖ École Providence School - McLennan
- ❖ Glenmary School - Peace River
- ❖ Good Shepherd School - Peace River
- ❖ Holy Family School - Grimshaw
- ❖ Rosary School - Manning
- ❖ St. Andrew's School - High Prairie
- ❖ St. Stephen's School - Valleyview
- ❖ St. Thomas More School - Fairview

## **Mission**

Student Success in a Catholic community guided by Christ

#### Notes:

1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
2. Caution should be used when interpreting high school completion rate results over time, as participation in the 2019/20 to 2021/22 Diploma Exams was impacted by the COVID-19 pandemic. In the absence of Diploma Exams, achievement level of diploma courses were determined solely by school-awarded marks.
3. Aggregated Grade 9 PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each Grade 9 course. Courses included: English Language Arts (Grades 9, 9 KAE), Français (9e année), French Language Arts (9e année), Mathematics (Grades 9, 9 KAE), Science (Grades 9, 9 KAE), Social Studies (Grades 9, 9 KAE).
4. Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Exam for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Mathematics 30-1, Mathematics 30-2, Chemistry 30, Physics 30, Biology 30, Science 30, Social Studies 30-1, Social Studies 30-2.
5. Participation in the PATs and Diploma Exams was impacted by the COVID-19 pandemic from 2020/21 to 2021/22. School years 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.
6. Participation in the PATs was impacted by wildfires in 2022/23 and 2023/24 and participation in Diploma Exams was impacted by wildfires in 2022/23. Caution should be used when interpreting trends over time for the province and those school authorities affected by these events.
7. Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.

## Measure Evaluation Reference (Required AECAMs)

### Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards that remain consistent over time. The Standards are calculated by taking the 3-year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Measure	Very Low	Low	Intermediate	High	Very High
Student Learning Engagement	0.00 - 80.63	80.63 - 82.49	82.49 - 85.34	85.34 - 87.37	87.37 - 100.00

#### Notes:

- For all measures: The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.

### Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

### Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

	Achievement				
Improvement	Very High	High	Intermediate	Low	Very Low
Improved Significantly	Excellent	Good	Good	Good	Acceptable
Improved	Excellent	Good	Good	Acceptable	Issue
Maintained	Excellent	Good	Acceptable	Issue	Concern
Declined	Good	Acceptable	Issue	Issue	Concern

### **Overriding Domain: Faith Permeation**

Goal is to ensure faith permeation opportunities for growth and learning for all students, staff, and board members. It is a priority to provide quality Catholic education, build catholic citizens, strive for excellence of individual God-given talents and model Christ in a fair, equal and permeated learning environment.

- a. Maintain and expand faith development opportunities and evangelization for students**
- b. Maintain and expand faith development opportunities and evangelization for staff**
- c. Maintain and expand faith development opportunities and evangelization for Board of Trustees**
- d. Ensure quality teaching and learning of religious studies curriculum**
- e. Provide opportunities and supports for staff to become more engaged with their faith**
- f. Ensure student and staff feel safe and welcomed in their environments**
- g. Create and support environmental spaces within the school, classrooms and facilities**

#### **Comments:**

HFCRD continued to strengthen Catholic identity and faith formation by encouraging increased staff participation in Mass attendance, ministry leadership, and faith-related professional development. Additional support was offered to schools and coordinators for sacrament preparation, retreats, music licensing, and the use of approved resources. The division also prioritized the hiring and evangelization of Catholic staff to strengthen its mission and ensure alignment with Catholic teachings and values.

### **Domain 1: Student Growth and Achievement**

- a. Students use ongoing assessment feedback to reflect continuously on their progress, identify strengths and areas of need and set new learning goals.**
- b. Students achieve prescribed provincial learning outcomes, demonstrating strengths in literacy and numeracy.**
- c. Students are active, healthy and well.**
- d. Students advance reconciliation by acquiring and applying foundational knowledge of First Nations, Métis and Inuit experiences.**

1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
2. The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

These satisfaction rates are based on a response to the following questions: 1) The literacy skills your child is learning at school are useful; 2) the numeracy skills your child is learning at school are useful; and 3) your child is learning what they need to know. Further student questions query their perspective on subject usefulness and interest.

### Comment on Results:

HFCD's overall rate of student engagement was 85.1%, which is slightly above the provincial rate and slightly higher than the previous year of 83.7%. It is encouraging that our division maintained rates above the provincial average in all areas of student learning engagement; parents, students and teachers.

1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
2. The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.
3. The Citizenship measure was adjusted to reflect the introduction of the new AEA survey measures in 2020/21. Caution should be used when interpreting trends over time.

These satisfaction rates are based on a response to the following questions: 1) Students at your child's school follow the rules; 2) students at your child's school help each other when they can; 3) students at your child's school respect each other; 4) your child is encouraged at school to be involved in activities that help the community; and 5) your child is encouraged at school to try their best.

### Comment on Results:

HFCRD's overall rate of citizenship was 83%, which is slightly above the provincial rate and slightly higher than the previous year of 82%. As a Catholic division, we are pleased that our division has maintained rates above the provincial average in all areas of citizenship; parents, students and teachers.

Notes:

1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
2. Participation in the 2019/20 to 2021/22 Diploma Exams was impacted by the COVID-19 pandemic, including the cancellation of the January 2022 Diploma Exam administration. In the absence of Diploma Exams, achievement level of diploma courses were determined solely by school-awarded marks. Caution should be used when interpreting trends over time.

### Comment on Results:

HFCRD's overall rate of high school completion was 74.6%, which is 5% higher than the previous year. It is noted that our 4 year and 5 year completion are declining and further investigation will be taken to address the concern.

### Notes:

- Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
- "A" = Acceptable; "E" = Excellence — the percentages achieving the acceptable standard include the percentages achieving the standard of excellence. Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.
- Participation in the Provincial Achievement Tests was impacted by the COVID-19 pandemic from 2020/21 to 2021/22. Caution should be used when interpreting trends over time.
- Participation in the Provincial Achievement Tests was impacted by wildfires in 2022/23 and 2023/24. Caution should be used when interpreting trends over time for the province and those school authorities affected by these events.
- Beginning in 2022/23, results for the Grade 6 Provincial Achievement Tests do not include students participating in subjects where the tests were not administered due to new curriculum being piloted or optionally implemented.
- Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.

#### Comment on Results:

HFCRD's rate of improvement on the Acceptable Standard for grade 9 PATs has been maintained with the exception of FLA 9 and Social 9. Grade 6 ELA is above the provincial average, however, the grade 6 PAT results for Social Studies and Math are below. It is promising that the results are within 5% for the acceptable standard. HFCRD acknowledges that the overall results on Provincial Achievement Tests in all subjects is a concern.

#### Notes:

- Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
- Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in examinations.
- Participation in the Diploma Exams was impacted by the COVID-19 pandemic from 2020/21 to 2021/22. School years 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.
- Participation in the Diploma Exams was impacted by wildfires in 2022/23. Caution should be used when interpreting trends over time for the province and those school authorities affected by these events.

#### Comment on Results:

Although we have maintained or improved in both acceptable standard and standard of excellence, with the majority of our subjects, with the exception of ELA 30-1 and ELA 30-2 (Acceptable Standard), each subject remains a concern.

## ACADIENCE Reading Composite 2024-25

*Note: Received approval from Cheryl Przybilla, Executive Director, Provincial Assessment Sector, Alberta Education to use Acadience Data instead of the Provincial Early Years Literacy Assessment*

Acadience Reading K–6 is a universal screening and progress monitoring assessment that measures the acquisition of early literacy skills from kindergarten through sixth grade. Acadience Reading comprises six brief measures that indicate the essential skills every child must master to become a proficient reader. These measures are used to regularly monitor the development of early literacy skills to provide timely instructional support and prevent the occurrence of later reading difficulties.

Two schools in the division are continuing this work into grades 7 and 8.

### Grade 4

### Grade 5

### Grade 5

**Comment on Results:**

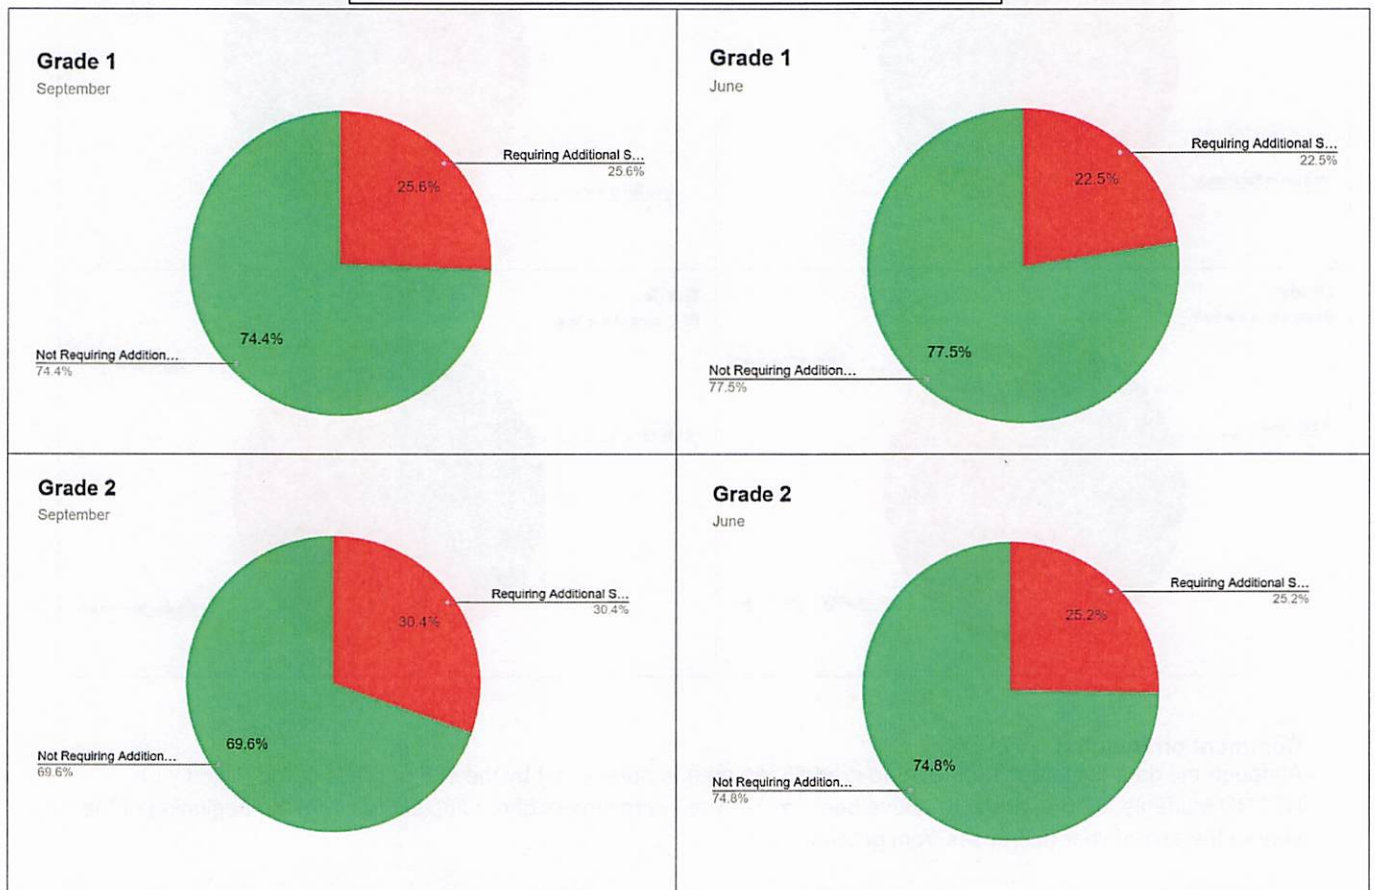

Although the data fluctuates from ECS to grade 8, an area to note is that by the end of grade 6, the majority of HFCRD students, 62.6%, are at or above benchmark. The improvement of reading scores from the beginning of the year to the end of year decreases from grades 4 to 8.

#### Grades K-4 Numeracy Data

Numeracy screeners mandated by the Alberta government for grades K-3, as a division we opted to continue this into grade 4 as the MIPI screener is no longer a viable assessment tool with the new curriculum in grades 4, 5 and 6. In order to fill this gap a more robust and updated tool has been vetted and prepared for the 2025-2026 school year. The results from the K-3 Numeracy Screeners provide teachers with information on student needs and allow educators to focus their attention on students who are not at benchmark and are identified as needing additional support.

Kindergarten students are assessed only once/year in January - hence only one graph is provided.

Grade	Beginning of Year Not Requiring Additional Supports	Beginning of Year Requiring Additional Supports	End of Year Not Requiring Additional Supports	End of Year Requiring Additional Supports
Kindergarten			81	33
1	93	32	25	14
2	103	45	32	30
3	120	37	98	37
4	104	46	25	45

#### Comment on Results:

For the K – 4 Numeracy data, HFCRD had a slight improvement from the beginning of the year to the end of the year in grades 1 and 2 and a slight decline in grades 3 and 4.

#### Summary of Support Strategies:

In K-3 classrooms, students who require additional assistance are supported through a combination of targeted, flexible strategies designed to meet individual learning needs. These include small group instruction and guided reading groups using leveled texts to provide focused, skill-based teaching; ability-based groupings that are fluid and adjusted based on ongoing assessment; and pull out interventions for targeted skill development in areas such as early literacy and numeracy. Differentiated instruction, along with regular progress monitoring, ensures students receive appropriate scaffolding while remaining engaged with grade level curriculum and making steady progress.

## Domain 2: Teaching and Leading

- a. Teachers and leaders respond with skill and competence to the unique learning needs, interests and cultural, social and economic circumstances of all.
- b. Teachers and leaders improve their professional practice through collaborative engagement in processes of growth, supervision and evaluation.
- c. Collaboration amongst teachers, leaders, students and their families, and other professionals enables optimum learning.
- d. All teachers and leaders are accountable to a standard of professional conduct and a standard of professional practice.
- e. University teacher education, university leadership education and on-going professional learning programs prepare teachers and leaders to meet the standards for professional practice.
- f. Teachers and leaders use a range of data arising from their practice to inform cycles of evidence-based continuous learning.

### Professional Learning, Supervision and Evaluation

For the 2024-2025 school year, professional learning in the division was focused on the implementation of the Collaborative Response Model Framework. The division provided school leadership with three days throughout the year to plan, reflect and revise their implementation plans for their schools.

In response to the literacy needs in the division, Acadience training was provided to ensure that new teachers are completing their literacy assessments properly and using the data to inform their instruction.

These satisfaction rates are based on a response to the following questions: 1) Your child clearly understands what they are expected to learn at school; 2) your child finds schoolwork challenging; 3) your child finds schoolwork interesting; 4) your child is learning what they need to know; and 5) how satisfied or dissatisfied are you with the quality of education your child is receiving at school.

### Comment on Results:

HFCRD's overall rate of satisfaction with the overall quality of basic education was 88.6%, which is slightly above the provincial rate and slightly higher than the previous year of 88.1%. It is promising that our division maintained rates above the provincial average in all areas of this measure; parents, students and teachers.

### Comment on Results:

HFCRD's overall rate of satisfaction professional learning opportunities was 86.8%, which is above the provincial rate.

### Domain 3: Learning Supports

Learning Support refers to the mobilization of resources (including expertise, facilities, human and community services) required to demonstrate shared, system-wide responsibility for all children and students, and the application of these resources to ensure quality teaching and leading and optimum learning for all.

Public assurance occurs when the public has confidence that resources are managed effectively in establishing learning environments where local and societal context is recognized, diversity is embraced, a sense of belonging is emphasized and all students are welcomed, cared for, respected and safe.

- a. Learning environments are welcoming, caring, respectful and safe.**
- b. Learning environments are adapted as necessary to meet learner needs, emphasizing a sense of belonging and high expectations for all.**
- c. Education partners fulfill their respective roles with a shared understanding of an inclusive education system.**
- d. Students and their families work in collaboration with education partners to support learning.**
- e. The school community applies the resources needed to support First Nations, Métis and Inuit student achievement.**
- f. Cross-ministry initiatives and wraparound services enhance conditions required for optimal learning.**
- g. Infrastructure (e.g., technology and transportation services) supports learning and meets the needs of Alberta students and their families, staff and communities.**

2. The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

These satisfaction rates are based on a response to the following questions: 1) Students at your child's school care about each other; 2) students at your child's school respect each other; 3) students treat each other well at your child's school; 4) teachers care about your child; 5) your child is safe at school; 6) your child is safe on the way to and from school; 7) your child is treated fairly by adults at your school; and 8) your child's school is a welcoming place to be.

### Comment on Results:

HFCRD's overall percentage of teachers, parents and students who agree that their learning environments are welcoming, caring, respectful and safe was 87.8%, which is above the provincial rate and higher than the previous year of 84.9%. As a Catholic division, it is reassuring that our division maintained rates above the provincial average in all areas of this measure.

These satisfaction rates are based on a response to the following questions: 1) At school, there are appropriate supports and services available to your child to help with their learning; 2) when your child needs it, teachers at your child's school are available to help them; 3) you can get the support you need from the school to help your child be successful in their learning; 4) your child can easily access programs and services at school to get help with school work; and 5) your child can get help at school with problems that are not related to school work.

#### **Comment on Results:**

HFCRD's overall percentage of teachers, parents and students who agree that students have access to the appropriate supports and services at school was 85.4%, which is above the provincial rate and higher than the previous year of 84.3%. It is encouraging that HFCRD maintained rates above the provincial average in all areas of this measure.

### **Supporting the Implementation of Truth and Reconciliation Commission**

**Cultural Programming and Activities** - These supports directly integrated Indigenous heritage and teachings into our schools:

- **Hand Games:** planned for this throughout the year and culminated in April of 2025
- **Traditional Teachings and Language:** The division supported Weekly Cree language classes, and provided Tipi Teachings.
- **Cultural Arts and Crafts:** Activities included learning to make Corn Husk Dolls, Dreamcatchers, and Turtle Key chains. Other Indigenous arts and crafts were also supported.
- **Cultural Events:** Supports included planning for National Indigenous Peoples' Day activities in June, preparations for a Pow Wow Planning with a local Elder, and Metis-specific events such as bringing guests into schools in May and planning for Metis Week in November.
- **Specific Cultural Initiatives:** Arrangements for an Elder to visit and prepare rabbit stew and Bannock, and worked with Métis Local to teach junior high students how to make ribbon skirts. Ribbon Skirt Day was also celebrated at schools in January. Additional activities included Hoop Dancing and Red Dress Day.
- **Elder Sponsorship:** A local Elder was nominated and received sponsorship to attend the First Nations Gathering in Edmonton
- **Eagle Feathers:** The ordering and blessing of Eagle Feathers for graduating students was supported. An Elder worked directly with graduates to provide guidance and support, ensuring the process was conducted in a respectful and culturally meaningful way.

**Planning and Professional Development/Collaboration** - Supports focused on strengthening the knowledge base of staff and coordinating efforts across agencies:

- **Targeted PD Opportunities:** The division facilitated the attendance of all school-based coordinators at the CASS First Nations Gathering. Information regarding Professional Development opportunities available through Interagency meetings was consistently passed along.
- **Interagency and Provincial Collaboration:** Staff attended the Peace River Aboriginal Interagency Meeting (PRAIC) and held meetings with the Provincial Collaborative for FMNI Education and the NRLC FMNI Advisory Committee.
- **Truth and Reconciliation:** The division held **Truth and Reconciliation celebrations across the division** on September 27th.
- **Targeted Initiatives:** Work was specifically done with Jordan's Principle and Sam Laboucan, and staff participated in a Jordan's Principle Provincial Online conversation. Additionally, information about the Moose Hide Campaign was shared or planned.

- **Resource Review:** school-based Indigenous coordinators reviewed online resources, including [indigenouisculturebasedlearning.ca](https://indigenouisculturebasedlearning.ca), [empoweringthespirit.ca](https://empoweringthespirit.ca), [learnalberta.ca](https://learnalberta.ca), and [Rupertsland.org](https://Rupertsland.org).

## Access to a Continuum of Supports and Services

The division implements several processes and strategies focused on specialized support, mental health, and staff training, demonstrating their commitment to inclusive education:

- Continuum of Mental Health Support (ISSP/Wellness Workers): ISSP workers collaborate closely with Wellness Workers and the MHCB (Mental Health Capacity Building) team to provide mental health support for students. This collaboration ensures supports are delivered across sites.
- PCS 2.0 (Professional Collaborative Services): The division actively works with the PCS team, which is a compilation of 6 school divisions supporting students across the division. PCS consists of Speech Language Pathologists, Occupational Therapists, Physiotherapists, Teachers of the Deaf and Hard of Hearing, Vision specialists and Communication Specialists.
- SLP Assistant Support: Educational Assistants work with the SLP from PCS to provide daily support and work with students with speech delay. These staff in each school meet monthly for virtual PD sessions led by a PCS SLP for ongoing PD.

### Strategies for Specialized Protocols and Prevention

- Behavior Management Coordinator (BMC) Support: The BMC collaborates with Wellness Workers and Inclusion Coordinators, and worked with school teams to create behavior support plans for high-needs students.
- Development of Critical Protocols (VTRA/NSSI/SI): The division is actively working to establish clear guidelines for emergency and high-risk situations.
  - VTRA (Violence Threat Risk Assessment): The division is collaborating on creating a guideline document and co-hosted VTRA Level 1 (22 participants) and Level 2 (over 30 participants) training sessions.
  - NSSI and SI Protocol: The division is creating a protocol for Non-Suicidal Self Injury (NSSI) and Suicidal Ideation (SI) response by reviewing AHS resources (SIRP) and online training modules on MORE, aiming for rollout in 2026.

### Strategies for Staff Development and Resource Access

- Professional Development for EAs (Para-Bytes): A four-session training program for EAs is implemented, with EAs completing an online reflection form after each session.
- New Inclusive Education PD (Inclusion Bytes/Circles from the Start): The division is developing two new complementary programs for teachers, Inclusion Bytes (inclusion PD for teachers similar to Para-Bytes) and Circles from the Start (for Pre-K and K teachers), both scheduled for roll-out in 2026
- Social Emotional Learning (SEL) Programs: Wellness Workers implement SEL activities, emotional regulation work, and programs like GoZen and Social Express

## Domain 4: Governance

Governance refers to the processes by which policy leaders attend to local and societal context; determine strategic direction; evaluate policy implementation; and manage fiscal resources to ensure learning supports, quality teaching and leading and optimum learning for all.

Public assurance occurs when the public has trust and confidence that policy leaders demonstrate stewardship of system resources with an emphasis on student success, generative community engagement, transparency and accountability.

- a. Governors engage students and their families, staff and community members in the creation and ongoing implementation of a shared vision for student success.**
- b. Legislation, policy and regulation provides clarity regarding the roles and responsibilities of education partners in matters of governance.**
- c. Fiscal resources are allocated and managed in the interests of ensuring student success, in alignment with system goals and priorities and in accordance with all statutory, regulatory and disclosure requirements.**
- d. Curriculum is relevant, clearly articulated and designed for implementation within local contexts.**
- e. Governors in school authorities and in government employ a cycle of evidence-based continuous improvement to inform ongoing planning and priority setting, and to build capacity.**

These satisfaction rates are based on a response to the following questions: 1) To what extent are you involved in decisions about your child's education; 2) To what extent are you involved in decisions at your child's school; 3) how satisfied or dissatisfied are you that your input into decisions at your child's school is considered; 4) how satisfied or dissatisfied are you with the opportunity to be involved in decisions about your child's education; and 5) how satisfied or dissatisfied are you with the opportunity to be involved in decisions at your child's school.

### Comment on Results:

HFCRD's overall rate of satisfaction with parental involvement in decisions about their child's education was 81.2%, which is above the provincial rate. Although there has been a decline in the rate of teacher satisfaction, it is promising that HFCRD maintained rates above the provincial average in all areas of this measure.

2. The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.
3. A "N/A" response was added to the AEA survey in 2020/21, allowing respondents to clearly indicate when a question was not applicable. Unlike "Don't Know", a response of "N/A" does not count towards the total number of responses in the survey result. Caution should be used when interpreting trends over time.

### Comment on Results:

HFCRD's overall rate of satisfaction of parents and teachers that students demonstrate the knowledge, skills and attitudes necessary for lifelong learning was 82.1%, which is above the provincial rate.

2. The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. Caution should be used when interpreting trends over time.

### Comment on Results:

HFCRD's overall rate of satisfaction with teachers, parents and students indicating that their school and schools in their jurisdiction have improved or stayed the same the last three years was 76.2%, which is on par with the province. It is noted that the percentage of students indicating an improvement has increased from the previous year and is above the provincial average.

## Domain 5: Local and Societal Context

Local and Societal Context refers to the engagement practices of schools and communities, with support from the broader system, in identifying and responding to the learning needs, interests, aspirations and diverse cultural, social and economic circumstances of all students. Public assurance occurs when the public has trust and confidence that the education system responds proactively to local and societal contexts.

Processes and practices then enable attending to local and society context are woven throughout each of the other four domains.

- a. Education partners anticipate local and societal needs and circumstances and respond with flexibility and understanding.

## Capital and Facilities Projects

The Division maintains a Three-Year Facility Capital Plan that is updated annually and approved by the Board of Trustees. All school facilities are audited through the Alberta Infrastructure School Facility Evaluation Program, which serves as a key driver in identifying additional space and facility needs that are prioritized in the jurisdiction's capital planning process.

The 2026-2029 Three-Year Facility Capital Plan, approved by the Board of Trustees on March 19, 2025, emphasizes a heavy focus on the Division's most critical infrastructure priority: the replacement of St. Andrew's School in High Prairie.

### St. Andrew's School (High Prairie)

The replacement of St. Andrew's School in High Prairie has emerged as the Division's highest capital priority due to critical structural issues, water infiltration problems, and an inefficient layout that significantly impacts educational delivery. Originally constructed in 1957, with multiple additions over 65+ years of service, the facility now faces maintenance renewal needs exceeding \$6.3 million, foundation settlement issues caused by organic material degradation in the bearing layer, and water infiltration during significant rainfall or spring runoff.

A provincial Value Scoping exercise completed in 2023 confirmed that replacement represents the most cost-effective and educationally sound solution, as modernization costs would exceed 75% of replacement costs while failing to address fundamental layout and programming challenges. The Division continues to face situations requiring unreasonable additional work on mechanical and electrical systems to maintain minimum safety and insurance standards. The current facility operates at 56% utilization with 445 adjusted enrollment students against a net capacity of 789.

The replacement school would provide dedicated Career Technology Studies spaces, eliminate the complex maze-like layout that creates supervision challenges, and deliver estimated annual operational savings of \$250,000 through reduced maintenance costs and enhanced energy efficiency. The estimated replacement cost is \$36.6 million for a right-sized ECS-12 facility that better matches current and projected enrollment while supporting modern educational programming and community partnerships with local organizations and Colleges.

### **Good Shepherd School (Peace River)**

Included in the 2026-2029 three-year capital plan, Good Shepherd School requires significant mechanical system upgrades that exceed regular Infrastructure Maintenance and Renewal (IMR) and Capital Maintenance and Renewal (CMR) funding capabilities. The school, constructed in 1988, serves 431 K-6 students at 85% utilization. Critical systems requiring replacement include the original Glycol Distribution System (which has exceeded its life expectancy and requires regular glycol additions to compensate for fluid loss), four air handlers that need replacement to conform with current ASHRAE indoor air quality standards, and domestic cold/hot and return water lines throughout the facility.

While the Division completed significant improvements in recent years, the remaining system deficiencies require comprehensive modernization with costs exceeding \$2.5 million according to facility audit reports.

### **St. Thomas More School (Fairview)**

On September 1, 2024, St. Thomas More School in Fairview was transferred to Holy Family Catholic Regional Division through Ministerial Order, expanding the Division's service area to include the Fairview and surrounding community. The K-12 school serves approximately 175 students and was previously under the jurisdiction of Grande Prairie & District Catholic Schools.

The existing school building was closed due to asbestos disturbance within the facility. Students are currently attending classes in various temporary locations throughout Fairview including a modular school, on the old school grounds, housing the K-9 students, and an unused, former library space leased from Northwestern Polytechnic housing the 10-12 students.

In March 2025, the Alberta government announced design funding for a new K-12 school replacement for St. Thomas More in Fairview, representing a significant investment in Catholic education for the community. This project is in the planning phases as of the fall of 2025. The Division is working collaboratively with the community, Alberta Infrastructure and Alberta Education to assess options and ensure continuity of quality Catholic education for Fairview families.

Holy Family  
Catholic Regional Division

### **Holy Family School (Grimshaw)**

Completed in April 2017 and opened to students in September 2017, this K-9 school can expand to accommodate 350 students. The facility is attached to the Mile Zero Multiplex, enabling shared-space opportunities that provide enhanced programming options for students and the community. The school features two CTS labs, a shared library, a theater, and an atrium space designed to support 21st-century learning.

### **Glenmary School (Peace River)**

Provincial funding approved in October 2014 enabled modernization of CTS and science labs which was completed in August 2018. This comprehensive project ensured improved student engagement in CTS programs, upgraded science classrooms and lab spaces, modernized electrical systems throughout the building, and provided significant mechanical upgrades to heating and air systems. Additional improvements included enhanced spaces for the arts, renovated front office facilities, new shops, food studies and drama rooms, and installation of solar panels. In 2021-22, the Division used IMR/CMR funds to install smoke and heat detection systems to comply with safety requirements, install new lockers, and re-roof the area over the drama room.

### **Ecole Providence (McLennan)**

In March 2013, the Board of Trustees unanimously supported reorganization of École Providence to a K-6 configuration effective 2013-2014. Upon community request, the school was reconfigured to K-7 in 2019-2020 and expanded to include Grade 8 in 2020-2021. The closed portion of the building now accommodates a community gymnasium under Joint Use agreement with the Town of McLennan and hosts lease arrangements with other community organizations. Using 2021-22 CMR funding, the Division reconfigured the north parking lot to enhance safety.

### **Rosary School (Manning)**

A modernization and additions project completed in 2002 provided a modern, functional learning environment with appropriate space for ECS to Grade 9. Significant investments in heating systems have been made through IMR funding to ensure continued support of health and learning goals. The facility evaluation completed in 2015 continues to guide investment decisions for this building. In 2021-22, the Division used IMR/CMR funds to install smoke and heat detection systems and replaced overhead powerlines with underground services to comply with safety requirements.

### **St. Stephen's School (Valleyview)**

The Alberta Infrastructure audit inspection report dated September 2017 identified severe structural issues requiring consultant evaluation. In 2021, engineering consultants confirmed structural concerns caused by a high-water table under the school and near-surface plastic clay, resulting in differential movement of the slab on grade. The Minister approved the Division's request to access operating reserves to fund remedial regrading of the site to address these foundation challenges.

### **Infrastructure Investment and Maintenance Strategy**

The Division continues to prioritize strategic investments in facility maintenance and renewal through Infrastructure Maintenance and Renewal (IMR) and Capital Maintenance and Renewal (CMR) funding allocations. These investments ensure safe, healthy learning environments while extending the functional life of existing facilities. The Division's capital planning process balances immediate infrastructure needs with long-term strategic priorities, enrollment projections, educational programming requirements, and community partnership opportunities.

All capital planning decisions are guided by Alberta Infrastructure's School Facility Evaluation Program audits, third-party assessments, utilization rate analyses, and alignment with the Division's mission of providing quality Catholic education to rural communities in northern Alberta.
