September 10, 2025

Dear Holy Family Catholic Regional Division Families,

As you may be aware, Alberta Teachers' Association President Jason Schilling held a press conference this morning announcing that the ATA would commence strike action on October 6, 2025 if a negotiated settlement is not reached.

At this time no legal strike notice has been issued. HFCRD will communicate any changes or updates as soon as they become available, through email, our division's website, and social media.

Please join us in prayer for those at the bargaining table, for a respectful and timely resolution to this dispute, and also for the well-being of our students, parents/guardians, and staff.

Thank you for your continued support,

Yours in Christ,
